Installing the SIM card and memory card

Insert the SIM card from your mobile service provider and the separately purchased memory card into the device.

• In order for the water-resistant and dust-resistant features to work effectively, the card tray must be inserted correctly.

- 1 Insert the ejection pin into the hole in the card tray and then pull out the card tray from the device.

- 2 Place the SIM card and/or memory card on the card tray and then insert the card tray into the device in the direction of the arrow.
